

ONE LIGHT, MANY JOBS.

Introducing the PODLight. The cordless, rechargeable, rugged, 3-in-1 LED worklight, flashlight & flashing safety strobe.

This WEATHERPROOF light is engineered to work anywhere and any time.

LED light pods WON'T BLOW when dropped, thanks to durable, heavy duty rubber housing.

You get 8 hours of worklight or 12 hours of flashlight with each charge.

Rapid 12 volt car charger and 110 volt wall charger are included to keep your PODLight ready when you need it.

Strong magnetic holder on 360° collar gives you hands free convenience.

Light those hard to get at places.

POD Light[®]

THE PODLIGHT WORKS WHEN AND WHERE YOU DO.

ON THE JOB & IN YOUR LIFE

Operates in any weather, heat or cold, rain or shine.

Extended lighting between recharges gives you cordless freedom.

8 hours as worklight • 12 hours as flashlight
48 hours as flashing strobe

Rugged, impact resistant housing means you can DROP the PODLight and the bulbs WON'T BLOW!

Cool to touch, it won't burn you or melt plastic.

Unique POD array uses 97% less energy than a 60 watt bulb.

PODS have a 100,000 hour life expectancy.

High intensity, 18,000 MCd flashlight.

2 year limited warranty.

Leave a PODLight plugged into your vehicle.

It will always be ready for you. And it WON'T DRAIN your car battery.

The PODLight's HANDS FREE convenience helps when loading or unloading equipment.

Because it's CORDLESS, the PODLight lets you put light on hard to reach problems.

Safety strobe offers security for your family.
